Detailed Action

Reasons for Allowance

1. Claims 1-22 are allowed.
2. The following is an examiner's statement of reasons for allowance:

This application is for a head slider.

- **Claims 1 and 11** specifies a head slider which requires:

"...an airflow guide part formed in a flow path through which the airflow passes, the airflow guide part located in said portion recessed within said disk-facing surface and guiding the airflow along the disk-facing surface of said head slider toward sides of the disk-facing surface, wherein the airflow guide part includes a first guide groove formed between both sides of the disk-facing surface, and wherein roughness of a bottom surface of the airflow guide part is greater than roughness of a surface of the flow path."

These features, in combination with the other features of Claims 1 and 11, are not anticipated by, nor made obvious over, the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
